

ROE (latest) N/A	ROCE (company ref.) 21.2%	Debt/Equity N/A
Revenue CAGR 5yr N/A	PAT CAGR 5yr N/A	OPM (latest) N/A

No cash flow data available for this company.

Pros

+ Company remained profitable in the latest reported year, the best available signal given limited ratio history

Cons

- Insufficient multi-year ratio history to assess risk trend; this itself is a data-coverage limitation worth flagging to an analyst

Capital Allocation Pattern: Unavailable (no cash flow data)
