

ROE (latest) N/A	ROCE (company ref.) 6.2%	Debt/Equity N/A
Revenue CAGR 5yr N/A	PAT CAGR 5yr N/A	OPM (latest) N/A

- Pros
- + Company remained profitable in the latest reported year, the best available signal given limited ratio history
- Cons
- Return on capital employed below 10% suggests the business is not generating sufficient returns on invested capital

Capital Allocation Pattern: Reinvestor
